I'm a 23 years old computer science student based in Vicenza, Italy. I enjoy creating things that live on the internet, whether that be websites, applications, or anything in between. Skilled in Front-end Development. I have 5+ years of experience in HTML, CSS, C, C++, Bootstrap, Three.js. Hence, I have successfully completed several web projects from scratch. Yet, I learn continuously and never stop exploring new technologies.

## Projects

### PowsUp

September 2023 - now

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process.

PowsUp! is an Italian group for the organization and creation of Furry events in Lazio and Central Italy. My role in the group is to manage the website and the general IT infrastructure in collaboration with other three developers. We are actively developing a blog to post future events, it's still a work in progress but the main employed technologies are Astro and Sanity.
